Policy No: 33

The use of Videos and Photographs at school events

May 2007 - HT
Reviewed: Sept 2009
Ratified by Governors: 14 Oct 2009
Reviewed – Dec 11

Introduction

Photographs and video for school and family use are a source of innocent pleasure and pride, which can enhance the self-esteem of children and young people and their families. Parents/carers are not required to comply with the Data Protection Act 1998 when taking photographs for their own private use of their children at an organised event. Fear of breaching the Act should not be wrongly used to stop people taking photographs or videos.

However, we must always be mindful of the need to safeguard the welfare of children in our school, and issues of child protection, data protection and parental consent will be given careful thought. Images may be used to harm children, for example as a preliminary to 'grooming' or by displaying them inappropriately on the internet.

This policy will apply to all forms of publications; print, film, video, DVD, on websites and in the professional media.

Where another body provides services or activities separately, using the school premises, the Governing Body will ensure that the body concerned has appropriate policies and procedures in place in regard to safeguarding children.

Consent Forms

- All parents of pupils in the school will be asked to sign a consent form to gain permission to publish photographs in public places (including websites) – *see Appendix 2*.
- If parents/carers disagree over consent for their child, it will be treated as if consent has not been given.
- All adults¹ in the school will be asked to sign a consent form to gain permission to publish photographs in public places (including websites) – *see Appendix 3*.

Use of Images

Parents/Carers:

- The school will decide if the event is one at which photography and videoing will be permitted. The person responsible will seek the advice of the Headteacher or Deputy Headteacher.
- When informing parents of the event, they will be informed of the school's decision.
- If general shots are to take place, such as at a school fete, visitors will be warned in the invitation, so that general consent is implied by attendance.
- Only images of children suitably dressed will be allowed, to reduce the risk of images being used inappropriately. Special consideration will be given to photographs taken during PE (sports day).
- Those parents and carers known to the school and helping with the event, such as assisting with children dressing or changing, will not be allowed to take photos or videos whilst assisting with this.

Schools:

- If a photograph is likely to be used again, it will be stored securely and only accessed by those people authorised to do so. We will not re-use photos more than one year old, without re-seeking permission.
- When photos are destroyed, the negatives will be destroyed as well, and where the image is kept electronically (eg. CD) the disk will be made unusable.

¹ Paid and volunteers

Children who should not be identified

- Every effort will be made by the school to prevent capturing of images of any child who should not be identified.

Media photographing and filming

- The media operate under their own Code of Practice. Photographs taken by the media are usually exempt from the Data Protection Act.
- If the media are invited into school for publicity purposes, parents/carers of those children likely to appear will be informed.

Video Conferencing

- Where parents have asked that their children's images should not be included in video conference, every effort will be made to avoid this.

Mobile 'phones (MMS Multi-media messaging service, Video 'phones)

- These phones can take and transmit images and the same rules apply as for other photography. The user needs to recognise that any pictures taken are for personal use only. Students must not take photographs/video images in school and this is controlled by the School Discipline Policy.

CCTV (where installed)

- Our CCTV will be operated in accordance with the principles of data protection. See Information Commissioner Guidance which can be found at:
<http://www.ico.gov.uk/documentUploads/cctvcop1.pdf>

Guidance for parents

- Written guidance will be given to parents/carers to the effect that any images must be taken for personal use only and specify that images including others must not be put on the web/internet, and they if they are, Data Protection legislation may be contravened.
- A copy of the 'Use your camera and video courteously' Code will be given to all parents/carers. *See appendix 1.*
- Parents/carers will be prompted with a verbal announcement at the start of the event that any images must be taken for personal use only. They will be reminded that such images must not be sold or be put on the web/internet, otherwise Data Protection legislation is likely to be contravened.
- People with no connection to our school will not be allowed to photograph – staff will question anyone they do not recognise who is using a camera and/or video recorder at events and productions.

Use your camera and video courteously

A guide for parents who wish to use photography and/or video a school event

Generally, photographs and videos for school and family use are a source of innocent pleasure and pride, which can make children, young people and their families feel good about themselves. By following some simple guidelines, we can proceed safely and with regard to the law.

- Remember that parents/carers and others, attend school events at the invitation of the Head and Governors.
- The Head and Governors have the responsibility to decide if photography and videoing of school performances is permitted.
- The Head and Governors have the responsibility to decide the conditions that will apply so that children are kept safe and that the performance is not disrupted and children and staff are not distracted.
- Parents and carers can use photographs and videos taken at a school event for their own personal use only. Such photos and videos cannot be sold and must not be put on the web/intrnet. To do so would likely breach Data Protection legislation.
- Recording or/photographing other than for your own private use would require the consent of all the other parents whose children may be included in the images.
- Parents and carers must follow guidance from staff as to when photography and videoing is permitted, and where to stand in order to minimise disruption to the activity.
- Parents and carers must not photograph or video children changing for performances or events.
- If you are accompanied or represented by people that school staff do not recognise, they may need to check out who they are, if they are using a camera or video recorder.
- Remember that for images taken on mobile 'phones the same rules apply as for other photography; you should recognise that any pictures taken are for personal use only.

**Consent form for use of images of children
For use by Medway schools**

The Thomas Aveling School

Occasionally, we may take photographs, or make video or web cam recordings, of the pupils at our school. We may use these images on displays around the school, in our school prospectus, or in other printed publications that we produce, as well as on our website. Medway Council may use our photographs of pupils to illustrate work in Medway schools in council publications and publicity material.

Sometimes, the media (papers, radio or television) may visit our school and interview or take photographs, videos or sound recordings of our children. These images may then be published in local or national press.

Please answer the Questions below, then sign and date the form where shown, and return the completed form to the school as soon as possible.
