

An enthusiastic and committed Assistant Subject Leader is required for Easter 2012.

The Mathematics Department at Thomas Aveling is a highly successful department and you will be asked to teach all levels of ability. This is an outstanding opportunity for a teacher with appropriate experience (measured and valued equally by either achievement or time served) to join a very successful department. A willingness to contribute to the extra-curricular life of the school would also be an advantage. The results at GCSE continue to be a strength, rising to 60% A*-C in 2010 with Maths and English combined at 47%.

We are looking forward to appointing an excellent Mathematics teacher willing to work as part of a team whose focus is to deliver outstanding lessons.

Purpose of the Post

- To raise standards of student attainment and achievement within the whole curriculum area and to monitor and support student progress.
- To be accountable for student progress and development within mathematics.
- To develop and enhance the teaching practice of others.
- To ensure the provision of an appropriately broad, balanced, relevant and differentiated curriculum for students studying within the department, in accordance with the aims of the school.
- To act on behalf of the Head of Department on all matters when appropriate.

We can offer:

- An increasingly successful department with a strong team ethos.
- Teaching across all key stages.
- Students who are keen to learn and enjoy Mathematics.
- A dynamic and supportive whole school staff that have a great team spirit
- A school that has been judged as good with outstanding features and is determined to be outstanding.
- Outstanding professional development opportunities.
- Interactive whiteboard in every room
- Very strong CPD
- Part of a consortium of several schools including special, grammar and high schools
