CAREERS EDUCATION PROGRAMME

PARENT/CARER CAREERS EDUCATION INFORMATION

At The Thomas Aveling School, we understand that guiding your child through their education and into the jobs market can feel daunting. The world, education and the jobs market are ever changing, and it can be difficult to know what to advise them.

You can subscribe to Careermag for Parents. This is a termly magazine aimed at parents/carers to help them keep up to date with educational and industry/job market developments, which guides parents/carers and their children through the career journey. See the link below:

In addition, our termly careers programme newsletter, TA Futures, can be found below and informs you about all careers activity that has been taking place in school and what events are coming up later in the year.

<http://www.how2become.com/> is a helpful website for careers resources that you and your child might find useful in guiding them towards their career goals.

Other websites that parents/carers might find useful for futures/careers information to help guide their child are:
