English Language and Literature, A Level

English Language and Literature offers opportunities for students to develop their subject expertise by engaging creatively, critically, and independently with a wide range of texts. Using literary and linguistic concepts and methods, students analyse literary and non-literary texts in a range of modes and genres, in the process gaining insights into the nature of different discourses and ideas about creativity. Students develop skills as producers and interpreters of language by creating texts themselves and critically reflecting on their own processes of production.
